

CERT-In and The Sycuris Lab Foundation are Jointly organising an online training program on "Insider Threat Management" as part of National Cyber Security Awareness Month, October 2021 (NCSAM October 2021) on 27th October 2021 from 2-5 PM (3 hrs).

**Jointly Present India's First Webinar on
INSIDER THREAT DEFENSE for C-Level Executives**

DATE | 27 OCTOBER 2021 | TIME: 2-5 PM (3 hrs)

Leadership Program for Insider Threat Management

Insider Threat Management is a growing area of concern in Business & Defence Sector.

An insider threat is typically an individual, such as a current or former employee, third-party contractor, or a business partner who has or had access to an organization's Business Asset, network systems, data, or premises, and uses the access (sometimes unwittingly) causing harm to the organization.

The Webinar enables C-Level Executives to help Build an Insider Threat Defense Program within their organisation

CERT-In is the National Nodal Agency for coordination of cyber incident response activities as well as issues guidelines, advisories, vulnerability notes relating to information security practices, procedures, prevention and response (<https://www.cert-in.org.in>).

Sycuris Lab Foundation(Non-Profit) has launched a series of Knowledge Sessions to comprehend Insider Threat Management using deftly crafted covenants for easy adoption by any company who wants to deploy Insider Threat Management Program.

To join Our Insider Threat Defense Webinar, the candidate must have experience in Business / IT / Risk/ Cyber Security / HR at C-Level.

The target designation is CHRO / CIO / CTO / CRO / CISO and Data Science Researchers / Professors.
